AUCKLAND

Diemme Lab / 2006

Refined, comfortable and versatile, AUCKLAND is perfectly suitable for multiple working environments. Its mesh technology makes for an elegantly light yet functional chair. The upholstered version assures even greater comfort with a choice of backrest heights for support and protection: the medium-back works well in meeting and conference rooms; whilst the high-back is for everyday workspaces. Designed to be both a task and executive chair.

Executive chair: high backrest / medium backrest / visitor

Executive and managerial armchairs, and visitor chair, with medium or high back, all in black, white or grey mesh. Also available fully upholstered. Chromed steel frame, with polished aluminium armrests and five-spur base on self-braking rubber castors. Knee-tilt mechanism that allows the backrest to be locked in various positions, bodyweight adjustment, anti-shock system and gaslift. The medium-height back is optionally available with gaslift only; or on a chromed cantilever frame; or on four-spur polished aluminium base with swivel and return mechanism.
